GENERAL STATEMENT

History and Location The School of Law was established at Loyola University by the Jesuits in October, 1914. The first faculty was organized by the Honorable John St. Paul, then Judge of the Court of Appeal for the Parish of Orleans, and later an Associate Justice of the Supreme Court of Louisiana. Classes were held at night in Alumni Hall of the old College of the Immaculate Conception in downtown New Orleans. After the first year and until 1931 the School of law was housed in Marquette Hall, on the campus of Loyola University. The day division was organized in 1925. In 1931 the School was moved to the ground floor of Bobet Hall, which was occupied until June, 1941. From September 1941, until May 1942, classes were held in Biever Hall. Since May, 1942, classes have been held in the new building, Thomas More Hall, at 6333 St. Charles Avenue.

Period of Study and War-Time Acceleration Program Normally the curriculum of studies covers a period of three years for full-time students in the day division and four years for part-time students in the evening division. The degree of bachelor of laws is conferred upon those students who have completed their courses successfully. During the war emergency, however, the School of Law, along with other schools and departments of the University, has put into effect an accelerated program. Under this program six trimesters of work for full-time students, usually extending over three scholastic years, can be completed within two calendar years. Students enrolled in the evening division can complete their work in eight trimesters and within three calendar years.

Approved School The School of Law is a member of the Association of American Law Schools and is on the list of schools approved by the Council on Legal Education of the American Bar Association, which approval is dependent upon meeting and maintaining certain standards as to entrance requirements, faculty, library, and curriculum. The School of Law is also registered as an approved school by the Board of Regents of the University of the State of New York.

Course of Study The tradition of the Civil Law is a strong influence in Louisiana. Consequently those courses are stressed which are built around the Civil Code of Louisiana

and the Code of Practice. Nevertheless, the American case-law technique is emphasized. Basic work is afforded in jurisprudence and legal theory and the courses in torts, commercial law and public law are typical American law school courses.

Law Library The law library is open every day for the use of students. It contains more than 18,000 volumes, including the reports of the United States Supreme Court and of the inferior federal courts, the National Reporter System, including the New York Supplement, the reports of the courts of last resort of most of the states complete to the National Reporter System, the American Digest System, the leading state, federal, and English digests, the principal law encyclopedias, sets of annotated selected cases, the English Reports, full reprint, and a complete set of the Law Reports, complete sets of most of the leading American legal periodicals, and a large number of standard text-books. The Law Library of Chief Justice Edward Douglass White, which was donated to the School of Law, together with gifts of numerous volumes from Branch Knox Miller, Judge Chas. Parlange, Judge John St. Paul, Rev. Jerome Mullin, S.J., J. M. Lapeyre, T. J. Semmes, W. C. Staub, the late Edward K. Wunderlich and Chas. T. Soniat, form a part of the collection.

Research Reading Room In addition to the general law library, which houses the volumes just enumerated, there has been made available a special library and reading room, which contains a wealth of material comprising the leading French legal authorities, together with numerous works on Roman, Swiss, Spanish, and other national legal literature. This collection contains one of the most complete groups of French authorities in the State, including many valuable editions of the Louisiana Civil Code.

The faculty and students of the School of Law wish to acknowledge with sincerest gratitude the various donations made by Miss Leonora Del Bondio to the School of Law, which made it possible to improve its facilities and equipment.

Requirements For Admission In addition to meeting the requirements for admission to the College of Arts and Sciences, applicants for admission to the School of Law must have com-

pleted their seventeenth year at the time of registration. In accordance with the standards of the Association of American Law Schools and the American Bar Association, students entering the School of Law must present satisfactory proof that they have completed "one-half of the work acceptable for a Bachelor's degree granted on the basis of a four-year period of study by the State University or the principal colleges or universities in the State where the Law School is located." *The average of all pre-legal work taken must equal the average required for graduation in the institution attended.*

Pre-Legal Requirements A special curriculum has been designed for pre-legal students. They are advised to adhere closely to the faculty recommendations. The courses recommended are:

Advanced Standing Students who have successfully pursued a portion of their law course in an approved law school (that is, a school which is a member of the Association of American Law Schools or approved by the American Bar Association), and who are able to meet the entrance requirements of this School of Law, will receive credit for work successfully pursued in such approved school. The right is reserved to refuse such credit in whole or in part, and credit given may be withdrawn for poor work. At least one year's residence is required of advanced students or they will not be eligible for a degree. Therefore, credit given for work in another law school shall not exceed two years.

A student who has attended another law school, and who has been dropped for defective scholarship, is not eligible for admission to this School of Law unless special permission is obtained, which permission shall be in the discretion of the Dean.

Special Students Persons who do not meet the pre-legal requirements may be admitted as special students. They are admitted in the evening division only and they cannot become candidates for degrees. The number of persons who may be admitted in any one year as special students is controlled by the regulations of the Association of American Law Schools.

Applicants who wish to qualify as special students are advised to apply to Professor J. Mort Walker, Jr., Chairman of the Faculty Committee on Special Students, for the necessary forms and regulations.

The following general regulations apply to all special students:

- (1) The applicant must be at least 23 years of age.
- (2) There must be some good reason for thinking that the applicant's experience and training have specially equipped him to engage successfully in the study of law, despite the lack of the required college credits.

Combined Courses A student by a proper selection of courses in the College of Arts and Sciences and in the School of Law may in the space of six scholastic years complete the requirements for both the academic and professional degree as indicated in the following program.

The first three years are to be spent in the College of Arts and Sciences. In the fourth year the student is registered in both the College of Arts and Sciences and the School of Law. If the student has met all the requirements, the academic degree is conferred at the end of the fourth year. In the fifth and sixth year the student is registered in the School of Law only and the professional degree is conferred after the satisfactory completion of the requirements for this degree.

Students electing to take the combined courses must obtain the approval of the Dean of the College of Arts and Sciences. Students registering in the School of Law will not be permitted to take work in the College of Arts and Sciences without special permission from the Dean of the School of Law.

Requirements for Degree Under the accelerated war program the standard course is six trimesters of class-work for full-time students and eight trimesters for part-time students. Classes are held in the day division from Monday through Friday and in the evening division from 7 to 9 p. m., Monday through Friday. During the period of the war emergency the degree of bachelor of laws will be conferred upon students who have completed satisfactorily seventy-two hours in the School of Law as outlined in this Bulletin.

Examinations and Special Regulations Examinations are given at the end of each trimester. The alphabetical system of grading is used.

The quality of work indicated by these grades is as follows:

Grade	Quality of Work
A.....	Excellent
B.....	Good
C.....	Fair
D.....	Unsatisfactory
E.....	Condition
F.....	Failure

The condition indicated by the grade "E" may be removed by successfully passing a second examination. A mark of "F" cannot be made up by examination.

In order to graduate, a student must have secured a grade of "D" or better in at least seventy-two hours of law work, and he must have earned a number of "quality credits" equal.

to the number of hours required for graduation. *No student will be eligible for the law degree until he has fulfilled both of these requirements.*

Quality credits are earned according to the following schedule:

Grade	Quality Credits per Credit Hour
A	3
B	2
C	1
D	0
E	0
F	0

Every student in his first year in the School of Law must secure a weighted average of .65. (The weighted average of a student is determined by dividing the total number of hours scheduled in the School of Law into the number of quality credits earned.)

Every student at the end of his second year in the School of Law must have earned a weighted average of .85 on his entire record.

Every student at the end of his third year in the School of Law must have earned a weighted average of 1.00 on his entire record.

Any student who fails to meet the requirements as above set out in his first year in the School of Law will be excluded. Any student who fails to meet the requirements as above set out in his second and subsequent years will be placed on probation or excluded from the School of Law, in the discretion of the Faculty. Any student who has been excluded from the School of Law for failure to meet these requirements will be readmitted only by special action of the Faculty.

No full-time student will be permitted to schedule more than thirteen hours of law work or work in another department of the University in any trimester without special permission from the Dean of the School of Law.

No student will be permitted to schedule less than nine hours of law work in each trimester of his final year without special permission from the Dean of the School of Law.

A student whose work is unsatisfactory during any trimester may be denied permission to carry a full schedule during the following trimester. The Faculty reserves the

right to require the withdrawal of any student whose attitude is unsatisfactory even though the student meets the minimum scholastic requirements.

No student will be examined in any course in which he has been absent from more than twenty-five per cent of the scheduled classes. No credit will be given for any work done in such cases. Students are advised to consult with their various professors when they suspect that they may have excess absences. The Faculty accepts no liability to inform any student of his excess absences prior to the issuance of the grades.

Removal of Conditions Students who have been conditioned in any subject may be permitted to take a second examination without repeating the course, in the discretion of the Faculty. Except when special circumstances will not permit it, students who have conditions will take the second examination (when permission is given so to do) at the next regularly scheduled examination in the course. The grade secured on the second examination will become the final grade in the course unless the student repeats the course thereafter, in which event the grade secured after completion of the course will become the final grade.

A student may be denied the privilege of taking the second examination and be required to repeat the course, even though he has not failed the course, where the circumstances indicate that such procedure is more desirable.

Tuition and Fees Tuition in the School of Law is regularly \$125 a trimester, one-half of which is payable on the date of registration, the other half at mid-trimester. Students who were registered in the School of Law before September, 1941, will continue to pay the old fees of \$100 each trimester, one-half of which is payable on the date of registration, the other half at mid-trimester. For the summer trimester, beginning on May 27, 1943, the tuition for all students is \$115, one-half of which is payable on the date of registration and the balance by July 15.

Every student registered in the School of Law will have the privilege of attending all athletic contests conducted by the University and may use the athletic facilities at all reasonable times. Duly registered students will receive also a copy of the *Maroon*, the student publication.

A transcript fee of \$1.00 will be charged for each transcript issued by the School of Law after the first one.

A charge of \$5.00 will be made for every examination taken out of course. The Faculty reserves the right to refuse permission to take examinations at other than the regularly appointed times.

For the duration of the war the graduation fee will be \$15.00. This fee must be paid by all candidates in the School of Law on or before the first day of the month in which the degree is conferred. This fee is not included in the usual tuition and fee charges.

No student will be admitted to the lectures until his initial tuition payment has been made. Under no circumstances will a student who is in arrears in his accounts with the University be permitted to take any examination. No certificate, transcript of record, or degree will be issued to a student whose financial account with the University is not in good standing.

Refunds No tuition will be refunded except in case of illness. If on account of serious illness a student withdraws before the middle of a trimester, one-half of his tuition for that trimester will be refunded, provided he secures from the Dean a statement of honorable standing, and from a physician a certificate that his health will not permit him to remain in attendance. No application for a refund will be considered unless made before the close of the trimester for which the fee was paid.

Registration Students intending to enter the School of Law must register on the dates fixed. A certificate of good character will be required of all applicants.

All high school units and college credits must be submitted prior to registration.

Living Expenses Good board and lodging can be secured in the vicinity of the campus at very reasonable rates. The University is equipped with a cafeteria, operated under private management, where meals may be obtained at very low rates.

Student Organizations The Delta Theta Phi, national legal fraternity, has established a chapter at the School of Law, to which law students are eligible for membership.
